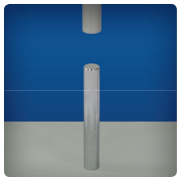
DISPLAY WALL 8.9’ Wide

Technical Specifications | R3.030217



PRODUCT USAGE

This product is recommended for use indoors or temporarily outdoors.

DESCRIPTION

- A user-friendly display backdrop solution constructed of lightweight aluminum hardware
- Frame height options: 5.8’, 6.8’, 7.1’, 8.0’
- Choose between single-reverse or double-sided print
- Design printed on Multisol® X FR, a fabric material with a slight stretch to prevent wrinkles
- Print can run all the way to the floor (full length) or end 1.6’ off the floor (partial length)
- Snap-and-click poles assemble quickly and easily without tools and mount onto the included square bases
- Display is highly portable with the included economy bag or optional carrying case
- Accessorize your client’s banner stand with optional LED or halogen display lights
