X-DISPLAY ECONOMY

Technical Specifications | R1.050613

PRODUCT USAGE

This product is recommended for use indoors or temporarily outdoors.

DESCRIPTION

The X-Display Economy gets its name from the hardware's distinctive X shape. This lightweight 2'x5'x2' banner stand features flexible black fiberglass poles that keep the 2'x5' custom print taut. At the same time, the simplicity of the X-Display Economy allows it to be easily collapsed into the included economy bag for portability. X-Display prints are finished with a grommet in each corner for quick assembly and print changes, making them perfect for frequently-changing displays. The size of this X-shaped banner stand also allows it to be used in high-traffic areas where space is limited. Your client can use their X-Display Economy indoors to advertise celebrity appearances and autograph signings or to promote appetizer specials at a local pub.
