

# JOB OPTIONS INFORMATION

## Creating a "Print Ready" PDF in Adobe® Illustrator®

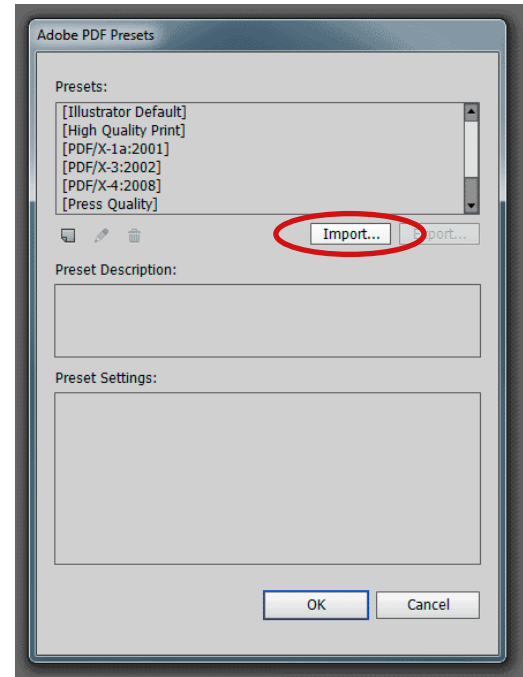

Click the "Job Options" link to download the job options file "Print\_Ready\_PDF.joboptions". Design on our template using our "Artwork Requirements" and export or save a PDF of your artwork using these job options to ensure first-time success in submitting your artwork file.

### Adobe® Illustrator®

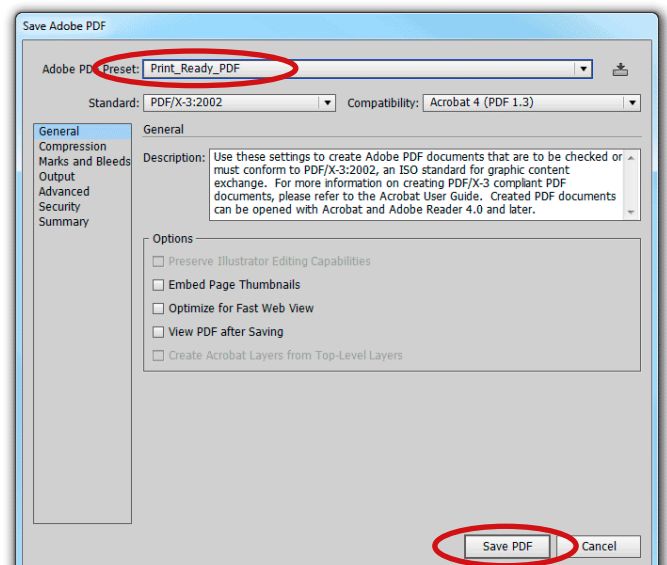

① Go to "Edit" » "Adobe PDF Presets"

② Adobe PDF Presets: Click the "Import" button

③ Find the "Print\_Ready\_PDF.joboptions" file and "Open" it.

④ "Save" your Illustrator® artwork as a PDF and choose "Print\_Ready\_PDF" as the preset.

# JOB OPTIONS INFORMATION

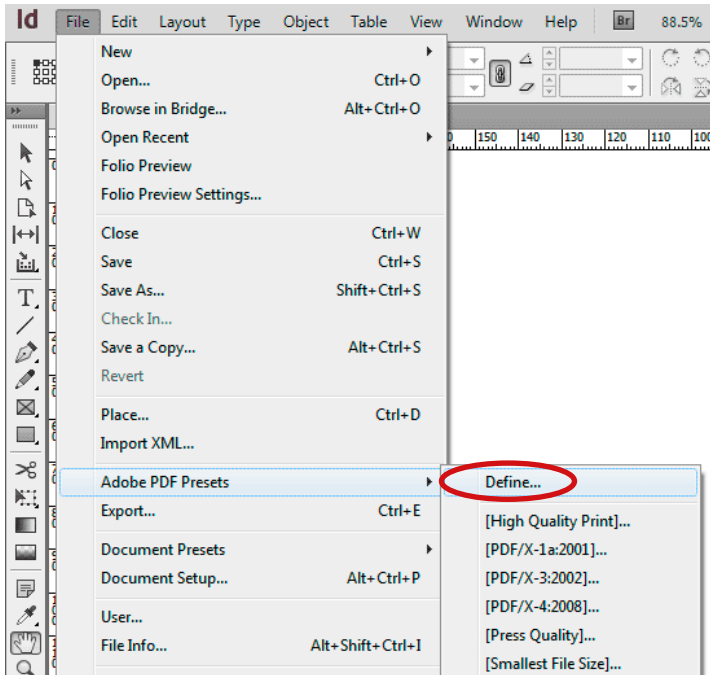

## Creating a "Print Ready" PDF in Adobe® InDesign®

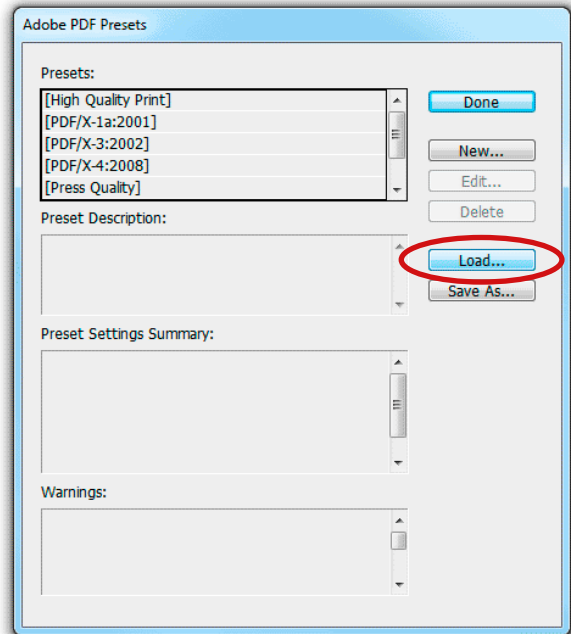

Click the "Job Options" link to download the job options file "Print\_Ready\_PDF.joboptions".

Design on our template using our "Artwork Requirements" and export or save a PDF of your artwork using these job options to ensure first-time success in submitting your artwork file.

### Adobe® InDesign®

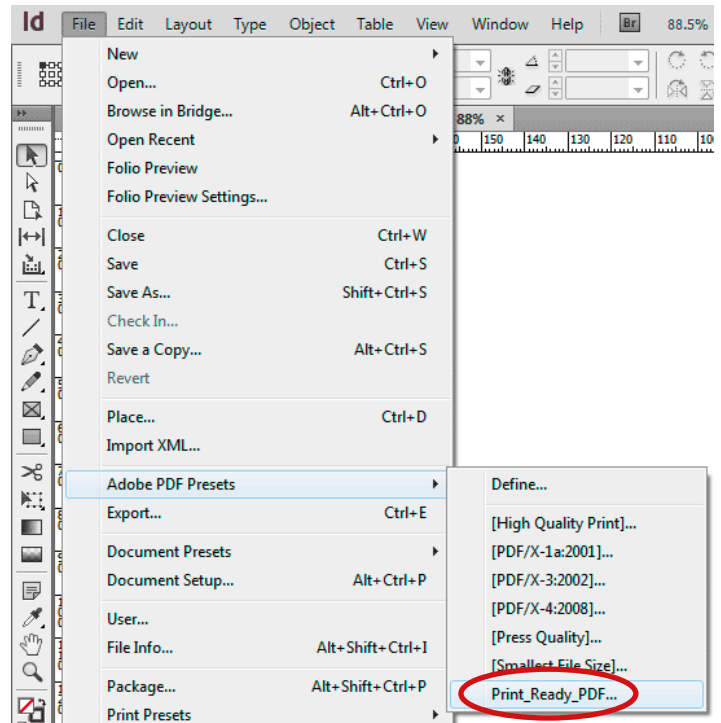

① Go to "File" » "Adobe PDF Presets" » "Define"

② Adobe PDF Presets: Click the "Load" button

③ Find the "Print\_Ready\_PDF.joboptions" file and "Open" it.

④ Go to "File" » "Adobe PDF Presets" » "Print Ready PDF". Save your InDesign® artwork as a PDF.

# JOB OPTIONS INFORMATION

## Add "Job Options" file to Adobe® Acrobat® Distiller®

Click the "Job Options" link to download the job options file "Print\_Ready\_PDF.joboptions".

Design on our template using our "Artwork Requirements" and export or save a PDF of your artwork using these job options to ensure first-time success in submitting your artwork file.

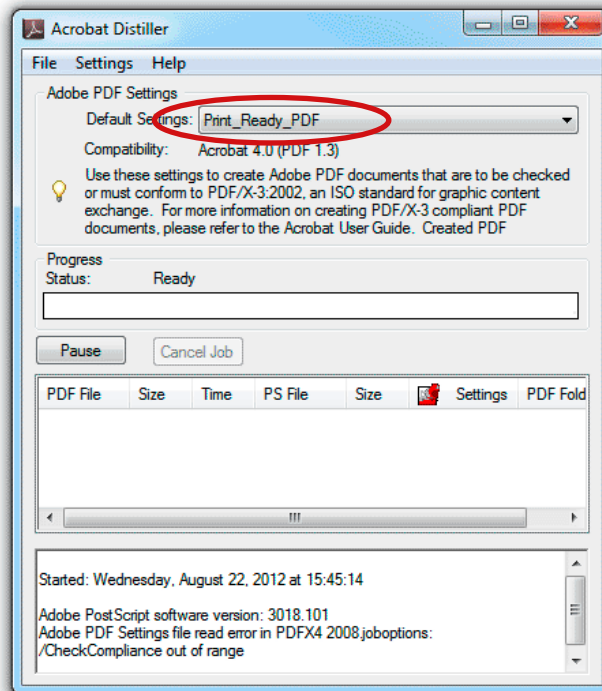

### Adobe® Acrobat® Distiller®

Note: Adding "Print\_Ready\_PDF.joboptions" to Acrobat® Distiller® first will make the job options available in other graphics applications.

① Go to "File" » "Adobe PDF Presets" » "Define"

② Find the "Print\_Ready\_PDF.joboptions" file and "Open" it.

④ "Print\_Ready\_PDF" will now be your Default Acrobat® Distiller® Setting.
